

Dear Patients,

We appreciate your understanding of our office closure during the COVID-19 outbreak. On March 16, 2020, the College of Dental Surgeons mandated that all BC dentists stop non-essential patient care until further notice. All BC dental offices will remain closed for regular care until further notice from Public Health Officials.

Our office is available for emergency care if needed. Emergency care is when patients require immediate treatment due to infection, acute pain and/or trauma. If you are a patient of record and these conditions apply to you, please contact Dr. Sweet directly at 250-686-1972.

We support the College in their decision to help combat the spread of COVID-19 and hope that life will return to normal as soon as possible. Thank you for your continued confidence in our office.

We appreciate your patience in this uncertain time,

The Peninsula Dental Family
